# PROGRAM OF STUDIES

# COMMUNICATIONS PATHWAY

## IS THIS YOU?

- Can you work accurately with detailed information?
  - Can you read and follow directions?
  - Do you have artistic ability?
  - Do you visually like to express your feelings and ideas?
  - Do you have clear written and verbal communication skills?
  - Do you have observation skills?
  - Do you have the ability to work alone and in groups?
  - Are you creative and innovative?
- If you answer yes to most of these questions, the Communications Pathway may be for you.

**Communications careers** include a variety of jobs in areas such as journalism, technical writing, foreign service, media, and digital design. Many of the skills learned in this area can be transferred to

areas in business and human services. Because communication is a skill needed for success in working with people, this pathway is often considered a foundation skill for other areas.
