2019-2020

PROGRAM OF STUDIES

BUSINESS PATHWAY

IS THIS YOU?

Is it important for you to have day-to-day contact with the public?

Are you able to use logical thinking and personal judgment to perform a variety of office tasks?

Are you able to make decisions based on your own judgment and company policy?

Are you able to follow instructions without close supervision?

Are you able to deal with people? Are you able to change work activities frequently?

If you answer yes to most of these questions, the Business Pathway may be for you.

Business careers include a variety of jobs in areas related to administration and management as well as marketing, finance, accounting, and data processing. Workers in this group use mathematical and analytical skills to design financial systems and interpret records. Others set policies

and priorities as well as participate in marketing and sales activities. Professional occupations in this area which require high educational attainment and offer high earnings are expected to grow rapidly.
